

# Bible Reading Plan 2026

## February 2026 - The Great Physician

The book of Luke, written by Luke the physician, gives a detailed account of the birth, life, ministry, death, and resurrection of Jesus the Son of God. It gives the most detailed account of the Christmas story as well as a look at Jesus' compassion for all people, both Jews and Gentiles alike. Jesus taught thousands and healed countless individuals in need of spiritual and physical deliverance. This account helps the reader to see both the divinity and humanity of Jesus, challenging us to count the cost of following Him and to emulate His example of sacrificial love for everyone we encounter. Some have even called it "the most beautiful book ever written."

## Bible Memorization

Memory Verse:

"The Spirit of the Lord is upon me, because he has anointed me to proclaim good news to the poor. He has sent me to proclaim liberty to the captives and recovering of sight to the blind, to set at liberty those who are oppressed,<sup>19</sup> to proclaim the year of the Lord's favor."

Luke 4:18-19
